• Compatible

* May require the latest software update available at humminbird.com. See necessary software versions below:

- For LakeMaster Cartography, units require software version 4.700 or higher.
- For LakeMaster Plus Cartography, units require software version 7.360 or higher.
- For SmartStrike, HELIX units require software version 1.210 or higher.
- For Chart Select, units require software version 7.510 or higher.
- For AutoChart PC support, units require software version 6.880 or higher, HELIX units require software 1.210 or higher, and ONIX/ION require software 2.700 or higher.
- For AutoChart Live, HELIX units require software 1.210 or higher, and ONIX/ION require software 2.300 or higher.

Bottom Hardness and Vegetation are functions of AutoChart Live with the latest software updates:

- HELIX 5 and 7 G2 software version 1.4
- HELIX 9, 10, 12 G1 software version 1.35
- HELIX 7, 9, 10, 12 G2N software version 1.4
- ONIX/ION software version 3.0 or higher
- SOLIX software version 3.0 or higher

NOTE:

Older LakeMaster cards that were compatible with competitor fish finders WILL NOT work with Humminbird products.
