Just a box of broken glass

Reviewed in the United States on February 28, 2020

Verified Purchase

Definitely get this if you want a good laugh. The jars came pack just as pictured 12 in a box. This box was placed in a thin cardboard box about twice the size with no packing and poorly taped closed. When I found them on the doorstep the top of the box was pushed in and the sizes were bowed out. When I picked it up I could hear the tinkle of small glass shards moving about and even saw glass dust falling from the box. Not a good sign. After opening I did not try to remove the bottles for fear of injury but at a glance I would say about half of them have been reduced to small pieces, leaving just the lids in their place. Kind of like the the wicked witch of the west in the Wizard of OZ. Shipping this back for a refund should be interesting.

High Quality Canning Jars

Reviewed in the United States on January 17, 2019

Verified Purchase

I love the Ball Mason wide mouth jars. I use these especially for canning soup. They are easily filled and easy to clean. The quality of the jars is top rate. Also ordering them online and having them delivered to my front door is extremely valuable to me.

Mom used them, Grandma used them ... so I use them

Reviewed in the United States on February 16, 2020

Verified Purchase

These are the tried and proven Mason Jar system for more than 150 years. I use them to store (long term) dried beans, rice dried fruit. I constantly reuse the jars and rings, but I don't reuse the stamped lids for long term storage or canning.

The wide mouth quart is also great for holding your ground coffee in an air tight container. They have a million uses. I keep a supply of the stamped lids so I never have to worry about the seal...

Cheaper at Target

Reviewed in the United States on April 22, 2020

Verified Purchase

These came in FROM TARGET, and were more than the off the shelf price at my local store. My fault for not checking my local store first. I will keep and use but not re-order.

Reliable leak proof durable jars

Reviewed in the United States on December 11, 2019

Verified Purchase

Use them to package/freeze smoothies and fill 3/4 so they don't break in the freezer. I've never had 1 break, never had a leak, very durable glass, and have no complaints at all! Recommend to everyone!

BEWARE: these are NOT plain/classic

Reviewed in Canada on October 1, 2020

Verified Purchase

AMMENDING MY REVIEW because I think I was wrong to assume that the fussier designs should be tagged as decorative. I see there are many, many other listings that leave it unspecified. my disappointment remains, but I can't fairly fault the seller. I should have asked. // Here is my original review: I am very disappointed. I have specific reasons for wanting the totally plain, classic jars--NOT the "decorative" ones with fussy fruit designs. I chose to spend this much and order these jars, despite cheaper listed "decorative" ones, because these were clearly pictured as plain, and the listing did NOT say decorative. So now I have a very expensive box full of fruity jars which don't serve my purpose. We all know the rigamarole around sending such a large package back. I will give these to someone as a gift. And resume my search for PLAIN ones.
