## Endurance

Whether for work or for play, this dependable trailer tire - featuring Durawall® Technology - is designed to help you tow with confidence.

### Features

- Optimized Tread Depth and Decoupling Groove help tire to remain cool while towing heavy loads
- Scuff Guard helps provide sidewall protection
- Specialized Inner Liner minimizes air loss in trailer applications because of 100% halobutyl rubber
- Rugged Fabric-steel Construction offers improved durability and carrying capacity while remaining compatible with tire pressure monitoring systems and typical tire inflation stations
- Durawall® Technology helps resist cuts and punctures to sidewalls

Tire Size	Service Description	Load Range	Meas. Rim Width	New Tire Width	Overall Diameter	Apprvd. Rims	Max Load Infl. (PSI)	Tread Depth (32nds)	Tread Width	Revs per Mile	Max Load
ST205/75R14	105N	D	5.5	7.99	26.14	5J, 5.5J, 6J, 6.5J	65	8	6.1	796	2040lbs
